

The BLUEPRINT Philippines - Constitution

PEOPLES, a housing crisis only looms in the face of the antagonisers and the famous astrologers of the many events past have all encrypted within the

placement of the stars in your heavens the rhetoric that the gulf tide of waves need supplement no other than the fish and fawn of the sea.

When money is used to bridge the gap, there shall always be a gap to fill, and where there is a gap to fill, someone will always fall through the cracks.

The BLUEPRINT Philippines

FEDERALISM: State controlled will bring about problematic events if organized in the common tradition.

Listed: Criteria for problematic events explained:

1. Do not fragment into separate States where the Central Government or Council stands apart from the Sectional Councils throughout the Islands of the Philippines.

2. There must be safeguards put in place while the transition out of the capitalist monetary system takes place. However, too many safeguards would merely become a headache to the Central Council of Twenty-Four because the many hidden clauses in print and schemes which exist today could result in being secretly kept away from the Central Council of Twenty-Four and this must be prevented.

3. The Constitution does in no wise need remodeled. The Constitution needs replaced because the Constitution was drawn up and modified as to the enlightenment and understanding of the days gone by. A band-aid approach will

only lead to the dissolution of the Federated Original System for the Peoples, by the Peoples own hand if nuts cracked do not belong in the oyster, so to speak.

4. Should the Sectional Councils also known as Ummahs (Villages, Towns, City Districts) control their own designated sections apart from the Central Council of Twenty-Four as seated in Manila, War Lords shall either continue or new War Lords be established, and nothing shall change for the Peoples who will then continue to live in a warshed of tyrannical illusion as being for the good of all.

5. The Original System of Federalism as ye ones so quaintly call it is not in any wise a dictatorship. It cannot become a dictatorship simply due to the fact that the round table of Twelve to Twenty-Four has the stability of equal number of both men and women not forsaking a child or more beyond his or her intellectual means of mind, control of self in both wisdom and understanding and previous life experience, therein there shall not be the control of only one or two. The same set-up of Majlis or Council must stand in each and every Sector (Village, Town, City District) in order to prevent one man rule or anarchy stemming from those whose eyesight is faint with the understanding of past tradition not pertaining to the Original System as first placed upon this world by the pioneering races from other world planets.

The BLUEPRINT Philippines - The Layout Of The Constitution

Why do people bother to speak at all if the volumes they utter are useless?

INTRODUCTION:

Sisterhood, Brethren, Good Day to ye All. The Blueprint of the Federation of Free Planets have well prepared for this day. We have covered nearly every segment if not all for the Philippines, since the Philippines changed from the time of the first landing upon the Islands.

Sisterhood, Brethren, there are a few things you are to know.

Elections will dissolve the Philippines and keep it fragmented which will only further the contention between tribal regions and those electories in more central regions.

Therein, must the Federation of Unified Ummahs (Villages, Towns, City Districts) within the greater structure of their UMMAH or NATION be set up like a WORLD BODY for the Asean nations and their neighbours, and regulated. In essence the UMMAH or NATION of the Philippines, for instance, will then join together with the UMMAHs or surrounding ASEAN NATIONS to form the WORLD BODY which may be added to by other nations once they preform their own CENTRAL NATIONAL BODY IN ORDER.

This will be called the CENTRAL ASEAN NATION.

You see this is how it all works:

the Village, Town and City Districts join together within their Ummahs (Villages, Towns, City Districts);

the Ummahs (Villages, Towns, City Districts) join together within their respective UMMAH or NATION;

the UMMAH or NATION join together within the CENTRAL ASEAN NATION.

BLUEPRINT:

This blueprint is the New Constitution of the Philippines as written for the people, consisting of the people, and carried out by the people of the CENTRAL ASEAN NATION under the Federation of Unified Nations of Free Planets of where your forebearers did originally come from.

PARADISE should not be a place of problems but rather a place which has eliminated all problems through the Oneness of the Universal Mind which distinctly comprises of the Higher Evolved Beings whether they be the Enlightened Starship Commanders, or Higher Evolved Beings from other worlds within the Universes.

NON RELIGION means a peaceful entry into paradise. It originated from far away cultures upon other planets. It is a concept. It is a reality. It is a truth not compromised by lower evolved thinking and doing. There is no bowing, only

recognition of the power of One Mind, One thought, the Oneness of life, love and beingness. Untarnished by the mind and will of the lower understanding of man. It means no excuse to war, nations one against another.

HUMANKIND must evolve to become the Holy Universal Man and Woman of Creation. This is the original and true meaning of HUman.

BLUEPRINT MEANS “THE CONSTITUTION.” Each man, woman, and child will be given a copy of the Blueprint to study and memorize of its contents following and during the teaching of the Blueprint at District schools and universities. Each individual will be responsible for knowing and living its contents.

CENTRAL ASEAN NATION MEANS “THE GATHERING OF NATIONS WITHIN THE FEDERATION OF UNIFIED PLANETS.” Consisting of Two Enlightened Representatives from each NATION. Telepathy required. Must be of uniform mind working in the Oneness. Otherwise they become ineffective and fragment the group such as in a democracy.

UMMAH OR NATION OF “THE PHILIPPINES, CHINA, NORTH AND SOUTH KOREA, SINGAPORE, THAILAND, VIETNAM, INDONESIA, ETC.” Enlightened Leadership of twenty-four per NATION. Telepathy required. Age, Sex, not a requirement.

MANILA WILL BE THE PLACE WHICH THE TWENTY-FOUR ENLIGHTENED TELEPATHIC LEADERS OF THE PHILIPPINES WILL SIT. PHILIPPINES will be completely rebuilt, as it was in the beginning

SECURITY PANEL works orderly and guides the Philippine military who comprise of every Filipino citizen. Enlightened Panel. Telepathy not required.

THE Ummah of means: Manila, Daveo, Karuhatan, Dau, Baguio, etc. Each consist of Twenty-four Enlightened Leadership. Telepathy not required. Their duties consist of Grouping people who have placed of their talents in the computers of the Material

Majlis or Council to work together with others in occupations such as road building and assigning them the project of construction of roads, sidewalks and paths.

THE Ummah (Village, Town, City District) shall access the central computer of the Material Majlis or Council and find, for example, the engineers, the surveyors, the bricklayers for sidewalks and specific roads, the pavers, etc. Following this the Ummah (Village, Town, City District), group them together, bringing some talent in from another district if necessary for lack of workmen or women, and give them the necessary tools held by the Ummah (Village, Town, City District), and the workmen and women begin the project.

This Leadership also are responsible for giving out building codes and rotating workmanship, and designing new districts within their respective Ummah (Village, Town, City District). This is an example of how the system of the Federation works.

DISTRICTS reside within Ummahs (Villages, Towns, City Districts), each with their own MAJLIS or COUNCIL, Peoples, Material and Vocational.

PEOPLES MAJLIS OR COUNCIL will handle disputes and issues by an Enlightened Leader who is in communication telepathically with Enlightened Starship personelle and Beings from Higher Evolved Worlds. All court systems will be done away with as well as jails, lawyers and judges. These law enforcement agencies shall find that such previous institutions will no longer be necessary but find a seat in one of the Councils.

Material Majlis are two-fold. Each person must attend the Material Majlis or Council with his or her talent contribution to the whole, beginning with the district they live in, serving the Ummah (Village, Town, City District), and they may “volunteer” to serve as a “teacher of a discipline” for a period of time inside another Federated UMMAH or NATION. When this is the case the Enlightened Telepathic Leadership of their UMMAH or NATION will speak with the volunteer and arrange the temporary transfer.

People must post their talents on Majlis or Council computer so others may ask for their assistance. Material Majlis or Council people operate the computer entries. People may also attend the Majlis or Council to ask for the assistance of others. If the assistance cannot be found in their District (Village District, Township District, City District) then volunteers from other Districts will be brought in.

The people must be reliable with regard to alternating between work and leisure time.

Enlightened “Telepathic” Leaders are not needed for these type of Majlis or Councils, just good, honest people.

Vacation Majlis or Councils are for the purpose of setting up vacations outside of the NATION of the Philippines, for the people of the Philippines.

The Pets and Wildlife Majlis shall oversee the entire Non-Human Sentient Being of the Philippines; their care and their safety whether they be pets, sealife, fowl; and their habitation, whether Peoples’ homes, or habitation upon the island, in the forests, or in the seas.

The BLUEPRINT Philippines - Who Are Qualified To Lead

Past intuition is the “knowing” which ensure mistakes shall not be made.

The capitalist system is insane and only the insane wish it to continue.

The BLUEPRINT Philippines

FEDERALISM: State controlled will bring about problematic events if organized in the common tradition.

Listed: Criteria for problematic events explained:

Each Ummah (Village, Town, City District) must have the Enlightened Leaderships consisting of Twelve (for the smaller Villages or City Districts) and Twenty-Four people of the greater or larger Towns or City Districts, though these people may be non-telepathic, just good, honest and understanding people. These Enlightened Ones may go from region to region to ensure to meet with other Enlightened Evolved Beings.

These Enlightened Ones will comprise of the Twenty-Four Telepathic Leadership of the UMMAH NATION held in MANILA. They may be men, women and children of any age or sex.

Each of the CENTRAL NATION IN MANILA OF THE PHILIPPINES must have an Enlightened man, woman or child who is not only wise but can telepathically communicate with the Enlightened Starship Commanders for advice.

When the Enlightened Council of each Ummah (Village, Town, City District) is set up, then, of course, the concerns of the People will go to (Village, Town, City District) Peoples' Majlis or Council, to handle everyday situations;

and to Material Majlis or Council, to accumulate their talents. From this latter Majlis or Council, the talents will be entered into a central computer which will be able to be accessed by each (Village, Town, City District) Majlis or Council;

by the Vacation Majlis or Council;

by the Enlightened Leadership of the Ummah (Village, Town, City District), and by the Enlightened Telepathic Leadership of the Twenty-Four of the UMMAH or NATION OF THE PHILIPPINES.

The Enlightened UMMAH or NATIONAL Leadership may then contact the Material Majlis, or Council, for volunteers for other needs which other UMMAHS or CENTRAL ASEAN NATIONS may have. The Enlightened Telepathic Leadership of the Greater PHILIPPINE NATION or UMMAH will then IMMEDIATELY contact the Enlightened Telepathic Leaderships of other CENTRAL ASEAN NATIONS via computer and the Purchase Orders are again put through.

There is no time wasted and all begins immediately. The only time it will take between Order and Receiving on both sides will be the time it takes to gather the willing Personelle (for no one must be ordered) and the necessary resources on Purchase Order from the Philippines, as required;

and then the duty-free, tariff-free, money-free, reba-free time it takes for exportation into the PHILIPPINES.

THE PHILIPPINES will also exchange their resources in other mineral wealth. And stores throughout the Philippines will deal internally first with itself before externally for supplies, those which the PHILIPPINES does not supply.

The Philippines, of course, will supply all natural resources and people in an exchange program in bringing, for example, other specialized ASEAN doctors and nurses, to the Philippines, from Singapore, to train Filipino doctors and nurses in specialized disciplines;

or to teach the Filipinos how to make man-made paradisaical islands out of plastic oceanic garbage.

as well as to transport the required resources back to that ASEAN NATION;

resources which can be anything which the People of the Philippines of each individual Ummah (Village, Town, City District) and of the Enlightened UMMAH or NATIONAL Leadership ***can spare*** after their own people of the Philippines have their own needs met and wish for their own personal use;

or for enhancing their talents of the positive realm to employ on the behalf of themselves in rebuilding their own Paradise and on behalf of their own contribution to others.

****So in dealing this way THE PHILIPPINES of the (NEW WORLD CENTRAL ASEAN NATION) as well as all the smaller Ummahs (Village, Town, City District) with their own special culture and Flags, will benefit and reap the well deserved fruits of their labour, with no man and no woman controlling the All in the realm of the THE NATURAL RESOURCES OF THE PHILIPPINES.***

A few controlling all is precisely where the People and the Leaderships lose their own power over their own lives and Beingness and the People lose out completely.

The Enlightened Leadership of the GREATER UMMAH or NATION of the PHILIPPINES, for instance, are responsible for reporting back to the

Federation of Unified Planets so there can be no behind the scenes wrong doing at all. Please remember that these Telepathic Enlightened Leaders whether be man, woman, or child, are all extremely highly evolved individuals of the positive sense.

The BLUEPRINT Philippines - Unconditional Access

A Happy Nation is a safe nation. It is important that to avoid war and turmoil not one religion bear down upon the other. It is even more important that no religion exist to assist the banker in its wars. This is not atheism. This is just plain common sense, for the banker will pit one against the other and the victor will be neither side.

The BLUEPRINT Philippines

FEDERALISM: *State controlled will bring about problematic events if organized in the common tradition.*

Listed: Criteria for problematic events explained:

To all resources available everywhere within the CENTRAL ASEAN NATION

View the earth as though it were a village. Initially, the CENTRAL ASEAN NATION will only be qualified to deal within themselves in readying themselves in dealing with other NATIONS after they have well readied themselves.

Meaning right of access to basic essentials for survival. For example: transportation, public or private. Food with no waste. Houses. Land. Clothing. Schools, Universities, Hospitals, Vacations, Gyms, Fruit trees, etc.

These rights includes the obligation to contribute to the overall well being of society by:

- ***being willing*** to become educated in schools and universities conducting basic and higher learning within universal principle of moral and ethical action.
- ***being willing*** to provide labour in industry or business by utilizing talents when needed
- ***being reliable*** alternating between work and leisure time. The person will not be asked to commence with any work or duties which he or she finds distasteful. Building Paradise goes hand in hand with building happiness and pleasure while One works or while One plays or just enjoys life which is the overall goal. ***A happy nation is a secure nation.***

Now the next point we will explain and to the contentment of every group inside of the Philippines, will we now proceed to address.

Each ethnic majority as well as minority will work upon this consensus.

The Philippines must have an indigenous Enlightened Leadership of Twenty-Four and completely telepathic. No titles will then be used, such as President or King, nor any other such title. This Leadership will reside in MANILA

Each Ummah (Village, Town or City) within the UMMAH (NATION) of the Philippines will have leadership of an Enlightened Sort. ***Uniform mind working in the Oneness***, otherwise they become ineffective and fragment the group such as in a democracy.

There will be Twenty-Four persons. One man and one woman or child from each Ummah (Village, Town, or City) if the child is of sufficient maturity of mind. Out of each Ummah (Village, Town, or City) there will be two Enlightened Ones to attend to the Enlightened Leadership of Twenty-Four in the UMMAH (NATION) of the Philippines in MANILA.

Keep in mind that each city will have districts so each district will have their own councils of twelve enlightened Peoples.

For instance, Karuhaton being one Ummah, (Village or District if you like to call it, within a City “Valenzuela”);

Quezon City (having districts or villages of its own) being another;

Baguio (with its districts or villages) being another;

Davao City (with its districts or villages within itself) being another;

they will also sit in council in a building made for this purpose.

A pretty building. Each Ummah (Village, Town, or City Districts) will have a building in order to rotate the meetings.

This will result in an entirely different type of autonomy.

Each District will become their own Ummah, which means small nation within the Larger UMMAH or Larger NATION of the PHILIPPINES.

This will strengthen the PHILIPPINES, not weaken it. This will strengthen tribal regions eliminating dissension.

The BLUEPRINT Philippines - Autonomous Regions Of The Philippines - Eliminating Dissention

If a man, woman or even one child falls through the cracks of the elected victor then by what means is that elected victor able to satisfy the Peoples? In copying the format of another nation in its entirety means to give the banker and corporate industrial powers the right to rule your chair!

It is important that to avoid war and turmoil not one religion bear down upon the other. It is even more important that no religion exist to assist the banker in its wars. This is not atheism. This is just plain common sense, for the banker will pit one against the other and the victor will be neither side.

The BLUEPRINT Philippines

FEDERALISM: *State controlled will bring about problematic events if organized in the common tradition.*

Listed: *Criteria for problematic events explained:*

Each Ummah (Village, Town, or City Districts) will have its own sovereign flag to represent its small nation within the UMMAH or NATION of the Great Philippines; for the purpose of raising the flag of each village or district alongside the Flag of the GREAT PHILIPPINE NATION.

No Ummah (Village, Town, City Districts) will be the sole source of their own natural resources of wealth. This is due to the fact that the Philippines will not be operating upon the sole jurisdiction of being as a separate entity of autonomy.

The Philippines is like a body with the Twenty-Four Enlightened Men, Women, or Special Child or Children being the Head (or BRAIN);

The BODY has hands, legs, feet, arms, toes, fingers, eyes, ears which are the Councils or Majlis;

and the many organs which are the Villages, Towns and City Districts consisting of all the rest of the Peoples;

are placed as ONE, PROTECTING AND BEING PROTECTED WITHIN THE WHOLE SKIN BY THE PEOPLE, BEING MADE UP OF THE PEOPLES, THEMSELVES. FOR WHAT YOU LOVE YOU PROTECT!

This, as we have said, will form a different sort of autonomous region, each with their own culture base and ethnic qualities which they wish to keep to the fore, protected and beautiful.

The culture to be kept protected will not include anything which lies outside universal principle of both morals and ethics. Many cultures espouse certain ethnic anti-universal behaviors which belong in the garbage bin.

Each Ummah (Village, Town, City Districts) must then have their own small military, voluntary, to add or attribute to the whole.

The methodology of the Swiss military system will be best suited. They have their weapon caches in mountainsides. Every family is armed to the teeth to rise up at any time and protect the country from invaders.

In the Philippines, for example, all regions will be protected mountainous, oceanic, or otherwise, using the same strategic employment including the Enlightened Telepathic Leaderships as well as all leaderships within the Philippines including the peoples, themselves, from the highlands to the lowlands, from the coastal waters to the mountains.

We will remind you that should any man, woman or child turn upon their neighbour with weapons, instead of taking the neighbourly matter to the enlightened People's Majlis or Council, they will be immediately taken before the High Council of Enlightened Leaders of Twenty-Four in the UMMAH or NATION IN MANILA and dealt with severely.

Should there be an exceptional problem the Enlightened Leaders from MANILA, will contact the CENTRAL ASEAN NATION and report the situation.

This is why "telepathy" is such an important conduit of communication. The Federation of Free Planets, as well, are there to advise as to the immediate concern and application.

The BLUEPRINT Philippines - In The Case Of An Invasion

A prefix to the overall blight of global circumstances must lie in the text of the word "pre" as in amble for in this do the positrons of society gain their credence with those who know no word.

The fainthearted in their strength will prove to become the source of all good objectives and adjectives of the HUman race.

Seasonal acquisition of a brain stemmed with thoughts of mere purgatory only serves to “enlist” another and further segment of self-damnation toward that of the ones who made it all up.

The dust upon the shoe of neither man nor woman is a print worth saving should it remain to course down through the dust beneath their feet.

The BLUEPRINT Philippines

FEDERALISM: *State controlled will bring about problematic events if organized in the common tradition.*

Listed: Criteria for problematic events explained:

Should an invasion occur the ENTIRE CENTRAL ASEAN NATION will be immediately called upon by the Enlightened Telepathic Leadership of the UMMAH or NATION OF THE PHILIPPINES.

SECURITY COUNCIL AND ITS OVERSIGHT:

The Enlightened Telepathic Leadership of the UMMAH or NATION OF THE PHILIPPINES will then contact the SECURITY PANEL who will also comprise one

woman and one man from each Ummah (Village, Town, City District) who will then oversee the armed families by instructing the Ummahs (Village, Town, City District) in giving districts coded alarms as they hold off by fighting, the invaders, until more troops arrive from the CENTRAL ASEAN NATION.

Likewise will all invaders be removed to a far away island. Depending upon the nature of their crime their placement will be determined by the CENTRAL ASEAN NATION COUNCIL of Twenty-Four.

Each Ummah (Village, Town, City District) will protect the UMMAH or NATION OF THE PHILIPPINES, giving the UMMAH'S or NATION'S Enlightened Leaderships relaxing quality to work ALONGSIDE AND NOT OVER the participating and protecting smaller Ummah's (Village, Town, City Districts) within the PHILIPPINES. All Enlightened Leaderships within the UMMAH or NATION of the PHILIPPINES, Ummahs (Villages, Towns, City Districts), MUST work in the Oneness with the people.

Each Ummah (Village, Town, City District) will protect the Twenty-Four Enlightened Telepathic Leaders in MANILA by keeping their eyes and ears open and working in a thorough and concerted effort, all weapons ready at all times, should the need arise.

Each home will have gunsafes. The key to this room will be held by the heads or head if there is only one parent, or eldest sibling no younger than sixteen years of age, of the family. In the event of an invasion, the Ummah (Village, Town, City District) they live in, will sound an alarm and the (Villages, Towns, City Districts) will immediately arm and wait for further coded instructions from the Security Panel who will continue to inform the Ummahs (Village, Town, City District) each person lives in.

This type of autonomy as we speak on will give to each distinct Ummah (Village, Town, City District) of the PHILIPPINES more power within each Ummah (Village, Town, City District);

in fact more power than if they were smaller nations of their own separated from the UMMAH or NATION of the PHILIPPINES.

Remember, this will strengthen the PHILIPPINES, not weaken it. This will strengthen tribal regions eliminating dissension.

THIS WILL “PROTECT” the PHILIPPINES FROM DRUG RUNNING AND DRUG DEALING AND FROM INVASIONS FROM FOREIGN POWERS OUTSIDE OF THE CENTRAL ASEAN NATION.

You will see what we mean shortly.

The responsibility will be greater.

Every Ummah (Village, Town, City District) will be set up in the same and exact format as the UMMAH (NATION) and the CENTRAL UMMAH or CENTRAL ASEAN NATION.

And all business will be conducted by talents, needs, and access to trade deals with other nations.

This will be based solely upon the Original Interstellar Economic People Friendly system of concern, and no flagrant nor monstrous abuse of ANY Ummah (Village, Town, City District) will then be possible.

****Abuse of any system is only possible, Sisterhood, Brethren, when you have dissenting electorate bodies who will break every law and principle in the book and steal money from the Peoples of the Land, in order to put out the best front and podium for their own self-made credibility.***

Without elections there can be no such abuse of the system and only Enlightened Ones will acquire the Enlightened Positions;

The top Twenty-Four, those Sisterhood, Brethren, should be able to CONVERSE FIRST WITH THE STARSHIP COMMANDERS TELEPATHICALLY FROM OTHER WORLDS! FOR THOSE WHO CANNOT EVEN DO THAT MUST

REALIZE THAT THEY ARE NOT AT THE LEADERSHIP LEVEL FOR GUIDING A NATION, NOR THEIR PEOPLES.

In the absence of the present-day capitalist economic system there can be no corruption from that front either.

Children, whose minds have not as yet been altered may if verily talented in word, speech, and deed, become included within the Twenty-Four of MANILA.

The BLUEPRINT Philippines - Health Care At Its Best

A generous heart knows the secret of the universe: There is more than enough for every one where the supply comes from.

Leadership, without the ego, commands respect and following when deeds are greater than empty rhetoric. The impact is even more resounding if the actions are accomplished in silence, sight unseen.

The BLUEPRINT Philippines

FEDERALISM: State controlled will bring about problematic events if organized in the common tradition.

Listed: Criteria for problematic events explained:

The Federation works upon a basis of gaining for the People, that which the People need. Certain items needed by the People of the Philippines will be Purchase Ordered using the natural resources of the Ummahs' (Villages, Towns, City Districts and Islands) for trade. In some instances, the Ummahs' (or Towns, Villages, and Cities) work together to provide architects, engineers, for trade to another UMMAH or NATION who need their temporary assistance in return for something the Ummahs' (Village, Town, City Districts) need.

Now let us please explain.

Health Care is number One in the Philippines.

Food consumption is number One in the Philippines.

Shelter and Clothing is number One in the Philippines.

All these issues will be dealt with at the very same time. Later on you will see what we mean.

So right now we deal with the staples which all Filipinos will need in the future and for an example we take Health Care.

The vegetables and fruits will be traded, for instance, to a nation such as Japan or China or Indonesia for their holistic doctors to enter the Philippines, and train Filipino doctors and nurses in the safe use of all formats of ancient and present herbal and acupuncture techniques (for severe pain instead of pain killers which ruin the stomach lining). Many of the herbs will the Philippines trade in vegetables and fruits grown in abundance on a multitude of islands on a continuous basis to these nations. This will be done through the stores. **No money will pass hands therein no money will be taken from the Peoples of the Philippines,** keeping then the

Original individual Ummahs (Villages, Towns, and City Districts), clean with no temptation unto the process of corruption.

Thus when the stores of each district have their reviewers taking counts as to exactly how much holistic medicine is needed, from each and every household, hospital, clinic, etc, then that figure will be processed into the next Trade and Purchase Order form and delivered directly to the respective Ummahs (Villages, Towns, City Districts). Should direct Purchases not be available, then the stores in the districts will give the Purchase Order to their respective Ummah (Village, Town, City District) who will then give the Purchase Order to the Enlightened Telepathic Leadership of Twenty-Four.

This Leadership may then contact the Enlightened Leadership of that ***UMMAH or NATION*** and speak to them concerning ***Trade and Purchase Orders. A representative may be sent to explain***, and then the trade will be organized immediately with no waste of time and every Filipino Citizen will have, in that area, exactly what he or she needs without taking more than they need.

The people will go into a store for their prescriptions taking with them a Purchase Order form from the doctor. Also mild medicines will be available for each household depending upon the size of the household, without a prescription. Any herb grown on the islands for health reasons, must be monitored by health practitioners as to the doses to cure cancer or other illnesses or relieve stress, for relaxation.

****Where special medicines are needed, the laboratories must ensure they are safe for the Peoples to take.***

EXAMPLE:

If for instance, China, or Japan or Indonesia need instruction in Architecture by Great Filipino Engineers in such profession, then the Philippines may trade Engineers for Holistic Doctors, for whatever time is needed or allotted to each side. But the extra fruit and vegetables grown at high capacity on the islands will still be

needed for trade for the holistic medicines and other items of great worth even through the store orders.

In this way the Philippines will in turn trade to that country as well and receive as much medicine as the Philippines needs whenever the Philippines needs it.

In this way, of course, the natural resources of each country in the world connected with dealing within the ***ASEAN CENTRAL NATION*** will be able to balance out their resources in every which way and direction.

However, before this happens, each Central Nation Conglomerate of the world need first get its own estranged house in order.

No breaking of anymore Universal Principles “or Laws” if you would like to call them that, and then you will see just how quickly all crime and criminal intent pass away for good.

The BLUEPRINT Philippines - Agriculture and Health

When reckless spending suffers the nation into further debt just for the presumability of Senators and Congress taking a seat for a year further within a system which does obviously not work for the Peoples and for the Nation, then by which charlatan does he or she add to the pot the grace which belongs all to the People?

The BLUEPRINT Philippines

FEDERALISM: *State controlled will bring about problematic events if organized in the common tradition.*

Listed: Criteria for problematic events explained:

DEPARTMENT OF AGRICULTURE AND HEALTH *must work together, hand in hand.*

CONTINUITY *is the existing format of excellent planning and one which does NOT require monetary means in order to facilitate the necessary means of adjustment from one criteria or system toward that of another.*

Contraband substances can be replaced with substances of good medicinal control to be grown and attended to by both agricultural and health practitioners.

With 7500 islands the quantity and calibre of food grown can be stupendous therein feeding an entire nation and more; with exports without duty or tariffs of any kind exhibiting straight trade for rice and soy for tofu, for example, to another ASEAN nation within the Central Asean Nation conglomerate.

No machinery costing the nation and the nation's peoples hundreds of thousands of pesos will be needed due to the very fact that the labour force necessary can be found among the millions of Peoples inhabiting the Great Philippine Islands.

Gratis: This is ground roots to begin with for a nation to get upon its feet without an expenditure of hundreds of thousands to millions of pesos.

At cost the labourers will have shelter built by those who are the builders and in return the builders will have food and so will the planters of the crops. As the Philippines is tropical, shelters may be simply built with the resources of the many islands. Ferry boats or barges can be used for transportation and waterwheels on boats can use the natural resource of water of which the oceans have plenty. Why go into debt just to look good to the world when wisdom dictates that the logical and sensible move is to harness the labour force of the Peoples in order to keep the resources within the nation instead of giving the resources and the labour force of the Peoples to the corporate powers and to feed the capitalist system of banking?

LOGISTICS AND SENSIBILITIES:

After all how can the resources of the nation and of the people be of the people and for the people if the resources of the nation are given to and of the corporations and for the bankers? Linger not and tarry with the money of the bankers for retinue is the active worth of ne'er the peoples but the charlatan of the day.

HEALTH - BUILDING CELLULAR STRUCTURE OF PRODUCE:

While the Philippines espouse the Lilliputian produce, it does in no manner need to remain that way. Non-GMO produce can be well calculated and created within the scientific and ingenious laboratories of the Great Islands of the Philippines.

PROTECTION OF THE ISLANDS:

The islands need protection and security from those who would think and strive to impose themselves upon the hindering of the growing and cultivating of produce. This is where the Coast Guards and Navy come into play. They must monitor the barges and ferryboats delivering resources of both living accommodations made by the hands of the Peoples, themselves, and other resources for simple yet fashionable living dwellings according to the wishes of the Peoples, involved.

For those navies of other lands within the Asean Central Nation and whom assist and whom are assisting at the present hour the navy of the Great Philippine Islands,

this food grown in great and large quantities shall also serve in feeding them all as well.

In essence it is to be known that when leadership utilizes the resources of their own nation they will find little need for importation nor exportation save that for the paltry items which cannot be homemade nor homegrown, and of those, the nation and its leadership shall find that the “word” BUDGET shall well disappear, and no longer form as a “stop-gap” for building the nation. To continue along the same path would be to budget the nation into erosion under the high pretence of its being an injunction of gold.

PLAYGROUND PARKS:

After space is opened which we have explained place enough parks in designated areas for the peoples all to attend toward their own pleasure. Within these parks can small activities be addressed such as art sculpturing, paintings, small carvings, and other instruction which shall enhance the education of the children and guide them toward understanding where their talents lie.

Instead of importing plants, design the parks carefully and beautifully with trees and bushes and with the peoples own cultural imaginings and designs on small buildings which would house the small art schools for small ones in particular and singing instruction also keeping the music within range with no reverberating throughout the neighbourhood.

HOUSING:

How to open up space:

On how to effect communities of crowded housing into equitable architecture with spaces for gardens and how to relocate a number of residents to their own satisfaction and pleasure in a state of being.

Utilise your assets. Your assets are your Islands. Relocate families who work in a similar genre to the necessary number of islands. Allow them the freedom in building what they need and wish within reason for their habitation.

If one family is a family of carpenters then relocate other families in the district to an Island and also at the centre of the island place a school of Carpentry Achievement in upgrading their work or in allowing them to also instruct others in the art of carpentry and intricate accomplishments.

These products can then be traded throughout the Islands and those of the ASEAN Nation for wares which their peoples develop especially speaking here of those whose education is not of university attainment. All life has their value and tourists may also frequent these partisans within the islands in cooperating with other genres and talents such as carpet weaving and so on.

With certain families working in these capabilities having been relocated to pleasant and close-by islands which may also house parks for the youngsters, this will free up space in the districts where they have been originally housed in the overcrowded cities.

Instead of bulldozing their ancestral homes with them in it for industrial space, they should allow the ones remaining to grow their own gardens and ensure the youngsters have adequate playgrounds to walk their animals, to enjoy each other's company and to allow the adults the opportunity for a stroll among trees and beautiful scented flowers.

In other words, "organize" the peoples who are the labourers, into groups and place each genre upon designated islands.

In this wise also, those who rarely have the opportunity to enjoy their very homeland by the occasional jaunt to the sea, which many could otherwise never afford to see in their lifetime will instead enjoy a life of greater excitement and opportunity and the Great Islands of the Philippines would become in Tourism alone one of the most sought-after enjoyments through their visitation to the Cultural Islands under their care and instruction as well as the Tourists enjoying each School and Discipline of Achievement as they travel from one Island to the next gathering the wares of the peoples whose talents created them.

We shall continue in our placing of "suggestions" for the all of ye toward that of your understanding and consideration in regions particularity whose life is less than pleasant.

The BLUEPRINT Philippines - Housing Addendum

Wrong choices and doing things the hard way are due to man's chaotic ego.

The fact is, the topic of religion has long been a hurdle to their beginning understanding of the total concept of paradise.

Speaking of the great masses, in the Philippine settings, there are at least 3 red herrings, so to speak, that drive away the people's (the masses') attention to the building of paradise. One, as I just said, is religion. It is a topic that is emotionally charged when discussed among the misguided, generally speaking. In that sense, people would not budge an inch on the issue of their faith they were born in and with, as passed down from their parents. Total submission to god and blind reliance on this entity are what drives them to surrender everything to it and just wait and remain passive in order to expect something prayed for to arrive, in return. I need not add more.

Second is education. People living in abject poverty cannot afford to send their children to school as in fact their parents' parents could not either, ***so there is a chain or domino effect.*** It is one among many reasons why religious people live in indolence and idleness instead of working to live in order that their children can learn in school. They always expect ***"manna from heaven."*** So that is basically an attitude problem. In fairness, the basic literacy rate among females in the ***Philippines is 96.1%, males, 95.1%*** (Googled data, 2018).

Third is lack of informed awareness on Population (self-)Control. Birth occurs the most frequently among Filipinos mired in poverty, again because of lack of jobs and education. *"The current population of the Philippines is 107,020,239 as of Monday, October 29, 2018, based on the latest United Nations estimates. the Philippines population is equivalent to 1.4% of the total world population."*

Post Script: Compare the population of the Philippines living in a small country with that of Canada, *"Canada Population 2018. In 2018, Canada has an estimated population of 36.95 million, which ranks 38th in the world. Canada is the world's second largest country by total area (behind Russia) and the largest North American country.Sep 17, 2018!"*

Every family is entitled to a plot of land to grow vegetables, trees and flowers and to build a house suitable for the size of their family. There will be no mansions nor castles. Each family will attend a school to learn requirements for house size and building code expectations. These schools will be within each district. If a family is 'expecting' or chooses to house their elderly then the permit they are given will reflect the suitable size of the home. Each family, however, will be permitted to choose the materials for their homes, such as marble floors, or hardwood floors. In return their own talents will be required by others.

Each home will be equipped with windpower windmills in their rooftops as well as solar power either in the roof, or walls or both. All wind and solar power goes into the

grid. The grid consists of all transmission lines supplying the peoples electrical needs nationwide until such hour as the need for electrical cables has passed.

Farms will be also equipped with both and must provide heated accommodations for their animals during the cold season especially in the northern regions.

Each home will have gunsafes. The key to this room will be held by the heads or head *if there is only one parent, or eldest sibling no younger than sixteen years of age*, of the family. In the event of an invasion the Village, Town or City they live in, will sound an alarm and the districts will immediately arm and wait for further coded instructions from the Security Panel who will continue to inform the Villages, Towns or Cities.

The BLUEPRINT Philippines - Schools And Universities

Mansions or palaces belonging to the Philippine Nation will serve as universities, hospitals, orphanages, emotional institutions after the war on drugs. The open schools will train the people freely in Federated Academics. All universities, hospitals, schools, etc. will be free for the people to attend. Each district will house learning schools to teach this blueprint to the people.

A free copy will be given to each member of each and every household. Each person who can read will be responsible for learning its contents and not breaking Universal Principles. Those who are of an age to read but cannot read, but are of sound mind, will learn through memorization of the principles. They may avail themselves of the linguistic schools of learning.

Individual students will not need to compete with other students for grades and may work at their own pace, within reason, but remember, if a student would wish to

EXERCISE GYMS:

These will be placed within each district, however, because of much activity in building together the Paradise within the Philippines or any other nation, these gyms are likely not to be used to any great degree.

VACATIONS OUTSIDE OF THE PHILIPPINES:

Each district will sport a Vacation Majlis or Vacation Council to serve the people.

There is a difference between leisure time and a vacation. Leisure time is the time you spend around your own home or little paradise whilst vacations are arranged for your pleasure outside of the country in which one resides. All is free. Travel, accommodations, sightseeing, etc. However, there will be no interference in the designated country's system nor culture. Learn from one another in agreement and share the good aspects one to another and learn from them also.

After so many hours of work, arrangements will be made for vacation. For instance, if work is in a factory, so many hours must be accumulated, or if you are an engineer so many hours at a project must be accumulated. You must not stop in the middle of a project unless consensus is made between yourself and another to take your place.

For those who work from their homes and have only themselves to talent out to another, a certain number of accumulated hours must be drawn up. All these hours

will then at the finish of a labour or job, be given to the Material Majlis or Material Council who will then enter the hours in the central computer and those hours will then be accessed through computer from the Vacation Majlis or Vacation Council when a request is made for vacation time.

VEHICLES TO OWN:

Vehicles are also free. But the type of vehicle must be earned. For example: If a person wants a Mercedes, for instance, then the Automotive Dealer will contact the Material Majlis's or Material Council's central computer to find out if that person has earned enough hours utilizing his or her talents and to what extent, in order to be credited such a prestigious vehicle. If not, then the person will be credited with a vehicle of his or her current status. But a vehicle will be given.

The BLUEPRINT Philippines - In Feeding The Masses

They say food for the brain before the stomach. We tell you, a hungry man or woman cannot hear you.

One cannot rebuild the Paradise by oneself, but together we can do it as ONE CENTRAL NATION within the Whole. This does not take away individuality of good culture setting the bad aside; neither does it take away from each race within their national home. Verily, does this protect each national house and with respect will Paradise as it was in the beginning, lay its wares in the hands of the peoples and out of the clasp of the capitalist world bank.

FEDERALISM: State controlled will bring about problematic events if organized in the common tradition.

HOW DO WE FEED THE PEOPLES?:

How much to order so as to eliminate waste, especially in perishable goods?

PURCHASE ORDER:

Initially people will make requests through a Purchase Order to store outlets for food and material supplies in order for stores to calculate the amount of products necessary to please the wants of the people. In this way much waste will be eliminated. Remember, initially, not all wants can be appeased until enough nations enjoy the position of being as of One Mind in the **CENTRAL ASEAN NATION**.

The stores will calculate which percentage of diverse foods are wanted, what percentage are grains, which grains are wanted, how many soy and other rice

products, then the percentage of fruits and which kind, and vegetables, canned goods, etc. from each district.

Once this new Purchase Order is made ready by each of the stores and given to the Enlightened Ummah Leaders (Village Leaders, Township Leaders, City District Leaders) these Leaders will pass on the Purchase Order to the Enlightened Leadership of Twenty-Four, where natural resources of the country are traded for those items which the country cannot provide for itself.

For instance, whichever country the Philippines deals with in the form of material and food products or labour in the format of say Architect teachers, that country will instantly be on the Purchase Order and Trade with Philippines for labour, excess fruit and vegetables (**grown in such quantity on the now dormant islands**) along with such as teaching of a discipline, or any other natural resources the Philippines has.

When the Purchase Order shipments have arrived they will be taken directly to warehouses within each Ummah (Village, Town, or City District) and then shipped to stores within each district.

The people will then go to the stores and be given their Purchase Order forms at the door with a certain amount of allotted food per number of people per family. For instance so many cans of fruit for winter months, and so many bags of rice, so many lbs of vegan butter made from oils, etc. so everyone is well fed but not overfed. ***This will eliminate obesity.*** This will also ensure that children do not go into stores for snacks and ruin their diet nor become too overfed to eat a healthy meal at home.

However, there may be grown fruit trees aplenty alongside paths of which people can partake of at any time.

There is no food which cannot be acquired but all will be distributed in a non-waste orderly manner. Initially not all foods can be purchased due to the size of the CENTRAL NATION which means the number of NATIONS within the FEDERATION

OF UNIFIED NATIONS AND IN THIS CASE within the CENTRAL ASEAN NATION and what they, themselves, are able to provide.

It is important to note that every nation within the CENTRAL ASEAN NATION must NOT EXPORT nor IMPORT (and eliminating all tariffs and duty) any produce nor product which their own nation is able to provide for their own people.

In other words, the Philippines must NEVER export bananas for monetary gain when they have hungry people beating down the door.

A Purchase Order is in lieu of monetary finance of which monetary finance does no more than bring the nation to its knees and keep that nation subservient to the banking Capitalistic system of death for the nation, every nation, indeed.

However, as more nations transition their outmoded economic system of using currency to the practical Original Talent and Purchase Order System, the purchasing opportunity will grow and excel.

The BLUEPRINT Philippines – Inflation

And taking all into consideration...

***Forgive each other's debts** and write the debts off saving each nation billions to trillions in your own home currencies. This is precisely what the banks do for themselves, therein, nations doing the same is what begets a nation into its own*

independence. A conglomerate is a group of nations which work together for a single goal yet maintain their independence.

P7.16 Trillion in debt for the Philippines is not only a horror story but totally unnecessary in light of the Brother and Sisterhood within the conglomerate of the Asean Central Nation.

For as long as you continue in using money in any of its formats as a method of payment, you will only continue to uphold the variance of capitalism and whose money is paced against whom.

The moment you use currency in any of its formations you fall outside of Universal Principle carrying instead the continuous momentum for upholding usury in all of its formats as well. This accumulated interest is what puts nations so far in debt above the principle requirement.

Inflation is an act of usury and is designed to work the monetary system not only against itself but against the peoples.

Inflation will, in fact, ensure that the peoples somewhere along the line will fall through the cracks of consumption.

Now let us again look at how inflation is falsely created and what keeps it in operation.

AN EXCERPT FROM THE BLUEPRINT OF PARADISICAL ECONOMICS AND SOCIETAL STRUCTURE FOR IRAQ:

Under the present system, this people suffering, people hating, monetary system, the hospital would look like this and be paid for under currency, low wages, and reba or pesos (or whichever currency) four times by the people.

Here is how it works.

The contractors borrow money from the banker or several bankers amalgamating their debt load into one massive tribulation.

Then the contractors hire people to build the hospital.

The hospital will be built solidly but yet in an inexpensive way as possible in order for the Contracting company or companies to make as much off their profession as possible.

Next come the workers who are paid as low a salary as the Contractor can possibly get away with.

That is the first installment.

The borrowing aspect from the Continental Banks.

Offshore Providential.

Then when the hospital, dully as it looks, is fully completed, the banker wants paid back.

This is the second installment.

So both the Contractor and the workers have to take on another job just to pay back to the banker the first job.

When the first job of building the hospital is paid back in all expenses of the borrowing costs, then the city tells the people that they must now pay fees in order to use the communal building, in this case hospital fees or if it is a library, then library fees, or if it is a museum, then fees to go in and look at the museum.

This is but an example.

This is the third installment.

Then the people are told after they built the hospital, paid the banker back and paid the fees to attend the facility, that they must now pay land taxes, upkeep taxes of the building and while the people are paying all these extra usuries out of their meagre wages, they are having to pay back the money to the banker for the first costs of yet another loan for yet another building.

This is the fourth installment.

In addition to this, of course, the people are told that it will be several years until just so many budgeted contracts are able to be manifested for the people to attend.

This is the fifth coming into play.

Borrowed monies for the hospital over a twenty-five year term, cost the taxpayer ten times its original value by the time it is paid for.

This is the present system you operate under fully today.

What we offer is naught made in hell.

But in Heaven or rather to be more precise, upon other worlds, other planets, who have learned that the money system corrupts the best of men and women at times and therein should never be used as a trading currency, for with the currency comes the infraction of breaking all Universal Laws and then comes the usury.

It does naught take three years to restore all power and electricity to Iraq, for instance, having been bombed almost out of existence; That is ridiculous! Only under the present hegemonic economic budgeted system would that be a priority to wait that long for full power nationwide.

**Likewise, does it also not take years to restore the Philippines to its highest acclaim unless, of course, a budget is used; then shall it never happen. We have included two links you will find of interesting proportion in wisdom.*

RESOURCES – HUMAN – LABOUR: EDUCATION AND JOB PLACEMENT:

It is necessary to not only put your effort as a nation into the next generation, but is also necessary to “reclaim” those of the present and previous generations if their crimes are not ones of great tendency toward the premeditated harm of others.

We proceed with the prison system which is a main criteria in the Philippines at this present hour of the day. May nightfall not come upon them all.

PRISON SYSTEM:

Possibilities of Excellence in REHABILITATION:

ISLAND PLACEMENT:

As we have formerly stated if a number of islands are sectioned off and protected by Navy and Coast Guards the inmates who have volunteered and not volunteered to become rehabilitated will have the necessary methods available to them for full recovery.

For instance, they will have at their disposal surfing, swimming, wading, beach basketball, ping-pong tables, races around the island for the building up of endurance which also tones the mind, short sprints, art classes, instrumental music lessons with all instruments provided, culinary arts where those with such talents may also become the instructors; hard core drug dealers and addicts would be placed upon another island but be ferried to the lesser addicted inmates to hold classes on why drugs and their effects are so dangerous to themselves and the disastrous effect drugs have upon their families and the families of those they sold to. Allow the inmates to view on video as well what their actions did while they were dealing or using.

One of the main objectives will be the great question the inmates will all have and do have we are sure and that is this:

“What happens after rehab?”

A very good question because should the system remain the same these same people will only face a reintroduction into the drug trade as pushers or users if there be no mechanism in place in providing them with an opportunity and challenge to excel in a pleasurable and fulfilling life in building and creating for themselves and the society around them of which they will integrate again into where the monetary bill is not in power over their lives any longer as held in the hands of those who threaten and malign them and their families unto physical death.

There is nothing for the inmates more frightening than going to jail, facing more horror there, and then knowing they will face the same injury and worse right back out in the streets where they face a bullet in return for their good faith that Federalism was going to be their light at the end of a long and horrible tunnel.

Listed: *Criteria for problematic events explained:*

For those who say to us: *"then how do we keep the People, Groups and others honest in order that they do not cheat one another or that leaderships do not cheat one another, or nations do not cheat one another?"*

We say to ye ones, that the Federation of Unified Nations have a safeguard built in.

What happens here is that the moment one cheats another by, for example, not delivering their part of the **Purchase Order** or **bargain**, such as delivering items, after they have received what they had **Purchased**; or people who exchange **talents** do not deliver their part of the bargain on the **Purchase Order** from their district or another district, the moment that **Word** gets out, these ones **will be automatically boycotted by People on all levels**:

From the grassroots up: their neighbours; stores; material Majlis or Councils; right up to the Greater Enlightened Leaderships who handle the exchange of oil, gas and other resources with other Federated Central ASEAN Nations.

Let it be known that the hour has well progressed into green energy and in this instance shall the nations have no more cause to fight over oil and gas nor to relay upon either for the vehicles which can be brought into the foreground with the reliability of electric, water and magnetics for their fuel, so to speak.

But billions will be lost in revenue to the corporations and the banking facilities so they are the Peoples worst enemies, but the Peoples can change all that for ye Ones are the buyers of all the products. The oil spills are killing all in the waters of the sealife of which depend upon you, the Peoples, for their caretaking.

This boycott will also apply to blackmail or framing another for any reason. This will be dealt with immediately by the People's Majlis or Council. These will be considered "***dangerous acts***" against your neighbours, whether be family members or not.

The length of boycott will be determined by the severity of the act of cheating, blackmail or the framing of another. The Enlightened Leader of the People's Majlis will determine the boycott's effect upon the person or people in deciding the length of its duration.

The spider who weaves a web to trap another will inevitably be ensnared in a web of its own.

Should a dispute be serious enough, such as murder or rape, the People's Majlis or Council will immediately take this problem to the Enlightened Leadership of the Ummah (Village, Town, City District) who in turn will take the issue to the Enlightened Leadership of their UMMAH or NATION who will **"advise"** as to the immediate concern and application.

The offenders will be removed from the UMMAH or Province and placed upon a segregated island protected by the Navy and these inmates will share such island or islands with others more "attuned" to their nature.

If a man, woman or child accuses another falsely, then that "punishment" will fall upon the shoulders of the accused.

We employ different types of Majlis or Councils of Enlightened men and woman nor forsaking the child in genius form in the Federation of Unified Nations, therein are many empty chairs to be filled which will way surpass the chairs of the Senate and Congress put together.

So you see it does not pay to be a cheat. The Federation of Unified and Free Planetary Worlds' economic system of Talent and Purchase Orders keep the People from engaging in criminal activities of any kind.

If we find any Persons engaging in serious criminal activities against their sisters and brethren, their Ummah (Village, Town, City District) or their UMMAH or NATION, or CENTRAL Enlightened UMMAH then the Twenty-Four Council of the NATION shall then immediately remove these heavily offensive Ones out of the NATION to one of the sectioned off islands.

Depending upon the severity of the crime, the nature of the world they are taken to will see them residing alongside and governed by those much like themselves.

PETS AND WILD ANIMALS:

There should be no difference in treatment of pets vs wild animals as at the beginning of the seeding all animals were treated as pets and were in no wise carnivorous and neither were that of the seeds brought to this earth of Angorius by the Federated Union of Starships.

Due to the exceptional poor treatment of animals globally, a committee need drawn up in the form of another Majlis or Council; this one for pets and what you call wild animals.

PET AND WILDLIFE MAJLIS:

All people who house animals as pets must first acquire a “free licence” from the Pet and Wild Animal Majlis or Council. Before this “free licence” can be acquired, enlightened men, women, and children, or child will first visit the home and ascertain whether or not the animal or animals in question shall be cared for on an

1) emotional level

2) physical level

and will become as such a part of the family with all their needs met in the same and exact way a HUMAN's needs shall be expected to be met. Feeding and housing alone are not enough for there must be emotional support and as much freedom as is possible.

In the case of wild animals, no zoo nor cages, nor circuses shall be permitted. Wild animals will be protected in such places as the example outlined in the Yemeni Wildlife Sanctuary which had been presented in short fashion. Please use it as an addendum to this particular blueprint.

For the Philippines the majority of the animals shall be placed upon islands and not one species placed with another species which harms each other.

In the case of sealife, shall they also be protected in the rivers, lakes and oceans by the coast guard and navy. No fishing nor crawling of nets nor spears, nor clubbing to death.

In the case of already being a pet owner, the same method will be applied in order to acquire a “free licence.”

If the standard of present pet owners does not meet the requirements of the Pet and Wildlife Majlis or Council, then there will be given an opportunity through a special school to receive the proper education necessary in obtaining the “free licence.” The Pet and Wildlife Majlis will then do many follow-ups without notification.

Should the animal which consists of fish, dolphins, exotic birds and the common species of animals such as dog, cat, horse, and so on, be found to be abused the abuser shall be dealt with in the same manner as any abuser of people, and will be immediately referred to a higher standard which shall be the UMMAH or NATION where the abuser shall be dealt with in perhaps facing expulsion from the UMMAH or NATION he or she resides within;

in this case shall it be the PHILIPPINES.

Animal abuse shall be dealt with severely because animals in all their formats are sentient beings with the same and exact emotions, needs, and requirements as the HUman being.

Notation: The Addendum of the Blueprint of YEMEN is attached for theirs is a Blueprint of a Conservatory.

Free Trade And How It Really Works - The Conservatory Of Yemen - Addendum - The BLUEPRINT Philippines, Pets & Wildlife

(Notation: This Blueprint was given to YEMEN over ten long yet not so long years ago when sanity still reigned in Saudi Arabia and Yemen; and again we present it for the helpmeet of the Great Islands of these PHILIPPINES. We uphold no religion yet when we speak of "Islam" we speak of PEACE, for those who walk in terror and not in PEACE among nations know nothing of Universal Principle and Law, and are not of us).

FREE TRADE AND HOW IT REALLY WORKS

Sanaa, Dec 31, SPA -- Yemeni Prime Minister Abdul-Qadir Bajamal has received a \$ 1 million cheque from the Kingdom of Saudi Arabia.

The cheque constitutes the third installment of the \$3 million financial support being extended by the Kingdom to Yemen's de-mining program.

The cheque was handed over to Bajamal by Saudi ambassador to Yemen Mohammed bin Mirdas Al-Qahatani during a meeting here on Wednesday.

Speaking on the occasion, Bajamal highlighted the existing fraternal relations between the Kingdom and Yemen, and said the Kingdom is one of the major financer of numerous development programs in Yemen.

He noted that a ceremony will be organized in Aden on Saturday to mark the removal of the last mine in the Aden Governorate.

'The mine fields will be turned into green areas and productive agricultural projects', he said.

--SPA

Sisters, Brethren, that if you have naught used the blueprint issued for the benefit of every Citizen of every Ummah within every UMMAH, that you do so as a final and lasting accomplishment toward the safety standard of the Yemen Aden.

(Notation: Saudi Arabia had at that time under the authority of King Fahad, Crown Prince Abdullah, and the Sa'ana Bank owned by Prince Alaweel ibn Talal, instructed the Yemeni Government that should they not be able to pay back the money, they would just kindly write it off in order to not hold up the important progress in demining and rebuilding. - Uthmania Seila)

WHERE MONEY REALLY BECOMES A LIABILITY!

WHERE A NATION IS PLACED UNDER A BUDGET, THAT NATION HANGS ONTO A LIABILITY KNOWN AS "MONEY" WHICH HOLDS BACK PROGRESS UNTIL THE NEXT INSTALLMENT.

Sisters, Brethren, it is naught necessary to use the Capitalist monetary system to accomplish such worthy goals. Find your best resources Yemen, such as offering back to Saudi Arabia land for a conservatory for the Zoo Animals, and Iraqi animals need placement as well and fed.

For instance Southern Yemen has 27% meadows and 7% forest. You have only 1% land arable=fit for agricultural cultivation. Northern Yemen on the other hand is fixed with 14% arable=fit for agricultural cultivation, 36% meadows with 8% forestland. So if we put it all together we have a ratio of something more to work with here than families any longer feeling they need to sell their daughters into rich Saudi Households for wives or servants.

That is a day of the past and we would now like to see Yemen grow way beyond its own cash flow, because inside the Federation of Unified Nations operating on the

Original Interstellar Islamic People and Government Friendly System of Economics, and naught breaking any Universal Principle by going contrary to the Universally acclaimed economics as practiced on the Paradisical worlds, there can be no budget;

no lack of resources;

no crimes which are mainly attributed to the use of the Capitalist monetary system;

and no more poor and hopeless feeling Yemeni.

Now let us add up all of Yemenis' finest resources. We have 63% meadows, 15% forestland, and 15% arable land=fit for agriculture and now with removal of the land mines in the Aden Governorate the active land mass is gradually rising.

Now we have a land mass of 93% usable land throughout Southern as well as Northern Yemen. In addition to that Yemen has coastal regional waters.

Because Oman borders Yemen on one side, and because they are naught self sufficient in their own food production it would naught be wise to cultivate a relationship based upon offering any of their Zoo animals or animals needing a special home where they could naught find otherwise, through the backtrading of food items.

Instead, Yemenis can offer the Omanis a home for their Zoo animals and in exchange ask for a certain allotted amount of marble. You can make your own cement for foundations, and begin to build your own Paradise for those who wish their houses with marble structure or some on the flooring. This of course is just an example.

And you would need to build your homes in the culture of your People, with a solid foundation in order that all Yemenis will be safe from major earthquakes in Aden and in other regions. Never think you are naught prone to earthquakes in your regions simply because you have had none before.

With all the active bombing and shelling going on by the Americans and British against Iraq and Afghanistan, the bombings are setting off shock waves throughout the major tectonic plates and that is also the reason why Turkey itself has had so many earthquakes in their own region.

When the giant earthquake in the western region of Turkey with the hidden three hundred top Israeli, British and U.S. Commanders on their own self-made base there was hit, and destroyed, every Commander and everything on the base,

such news, if you remember, was kept to themselves and away from the west for months, and nobody understood exactly how such news could have been kept away from the Public and so secret.

That is what the Zionist entity does - manipulates the Public ears. It was entirely due to all the bombing raids they had placed over Iraq and that is why we so often state that "by their own hands=the Zionists will they destroy themselves."

Whatever Yemen needs in prospects of irrigation, for instance, Yemen is able to ask for assistance in acquiring irrigation pipes with saltine inhibitors attached in return for fish and an offer to yet another Ummah within a UMMAH=Nation to offer sanctuary of a Paradisical nature for exotic Zoo animal creatures and the tired and abused and sad ones.

So this is how it works and it has worked this way for eons upon other worlds even less fortunate than this one.

Why do we bring up an issue such as Yemenis building some of their structures of Marble? Just to let Yemenis know that no matter what the People of Yemen decide they want to build their own Personal as well as collective Paradise out of as far as material is concerned, nothing under the Original Islamic Interstellar People and Government Friendly System of Economics, if you all work together and follow the Blueprint we had given to each one of you earlier, in the example of agriculture dealing between nations and Peoples and Governments of Nations,

before we progressed on in explaining how the Ummah's work within each UMMAH and those UMMAHs or NATIONS work within even a larger CENTRAL UMMAH, and so on, then you will accomplish a feat so great that Yemen will be turned into a Paradise and even the land will be turned into the greenest meadow lands for the Greatest and Most Beautiful World Conservatory for Middle Eastern Zoo Creatures, that the entire non-Zionist World will flock to Yemen just to see them all and be taught at the same time how to care for their own animals at home.

Animals likened unto People do naught want to be the subject of examination when they need to urinate or release dung. Watch intently some day soon, a smaller animal such as a dog or cat, and you will notice that these are sentient beings who have particular feelings just the same as you and I do about many of these things if naught all.

Yemen may become the world conservatory zoo. Yemen may become also the world's largest animal hospital. Remember this conservatory is for the abandoned, abused and neglected animals, fowl and endangered amphibians and endangered species of fish, as well as some exotic creatures.

Yemen's mountainous regions, the flatlands, sea and lake areas provide home to all types of these sort of animals, fish and fowl and allow for hiking and boating for people who live within the Federation of Free Planets.

People will come worldwide to study and be taught about all creatures.

A school will be erected to take students who wish to become animal doctors and conservationists.

Tourism will put Yemen on its feet as well as people visiting the ancient city.

Yemen will be a port of boating and glass bottomed boats will be afloat to show the people who sail on them the conservation sea-life.

Contributions to the conservatory will be another way Yemen will rise to the top. People contributing supplies and talents to build the conservatory schools, to set

paths, etc. These people contributing their talents will still put in their hours to their home Material Majlis.

We hope, Yemeni, we have been of assistance to each one of you again, and we likewise thank the Government and Peoples' of Yemen for their courage and strength in standing by Iraq so many years of the days gone by. Bless each and every one of You this day. Asalaam.

The BLUEPRINT Philippines - The Introduction To Building The Central Asean NATION (Part 1)

What you give to others in good will shall always be your fortune in another way. It is the best choice to always wish for one's brother or sister what one wishes for oneself for happiness and contentment can never come in its fullness without the faces around one also emanating happiness and contentment and of this do we strive for the good of every HUman being upon this world.

Persecution is outmoded in all of its forms lending the least credibility to the persecutor.

The BLUEPRINT Philippines

*The account as how it has been portrayed with alterations and the compounding problems this type of document will create. Of these facts shall we continue in our discussion at this hour toward the helpmeet of **the government and PEOPLES of these Great Islands of the Philippines** of which we shall be attending only a short hour longer.*

FEDERALISM: *State controlled will bring about problematic events if organized in the common tradition.*

IN BUILDING THE CENTRAL ASEAN NATION:

And when then we have many NATIONS or UMMAHS participating, this is the time we build the CENTRAL UMMAH OR CENTRAL ASEAN NATION where then a

man and a woman, child, children, or several men and women in balance of Enlightenment and numbers will join with, say for instance, Japan, or China, or Singapore, or Vietnam, or Philippines or any of such UMMAH or NATION which are protected by the Interior smaller Ummahs (Villages, Towns, City Districts) of each UMMAH or NATION and each UMMAH within the CENTRAL UMMAH or CENTRAL ASEAN NATION are protected by one another.

In this way the trade barriers come down to an even fuller extent and that is what we mean by the borders come down, ***yet EACH ASEAN NATION RETAINS ITS INDEPENDENCE.***

At this point the present monetary Capitalist entity has completely lost its entire powerbase and the People will be returned to a system of equalization and contentment all over again as much as is possible in the aftermath of what which have in the past placed a tourniquet upon these Paradisiacal accomplishments in order that the bankers keep their established money/powerbase against the People of the nations. Such ones love to place their own brand of People in leadership positions who as marionettes will “lead” insofar as protecting the Capitalist system base against the People.

Sisterhood, Brethren, the capitalist banking system went after the nations of the **Federation of Unified UMMAH or NATIONS** of the **MIDDLE EAST** so that there would be nothing left to recover to, and now they are in **SOUTH AMERICA TO FINISH IT OFF AND EUROPE AS WELL.**

The rectifying of this is simple but the European Oligarchy of the European Union when approached by ourselves would not listen.

THE PROFIT OF WAR

Making war is profit and sky high will the oil and gas prices reveal themselves. At that point will the war machines screech to a halt and the collapse of the parasitical capitalist machine occur.

Then will the real freedom of the people come. Not through war but through peace. All weapons will be forced from their hand and once again will the abundance of the land be reinstated back into society, becoming once again reintegrated as part of the whole.

Remember this, Sisterhood and Brethren, it is written that many of us “walk among the living dead.” This demonstrates that in the time nearest the new beginning, the same generations would come back to walk this earth. Those living upon this earth in their bodily cases are called the “living.”

Those whom these living considered “deceased” whether over long centuries of time or the short present who have since reincarnated upon this same earthen plane are the “living dead.” So all will be privy to choose which side they are on – the system born upon paradisaical worlds or planets of which system you call as being Heaven or the system born in the Hellion worlds or planets of which system and actions you call Hell.

Which shall you vie for. the capitalist system of economics and their societal structure, or the paradisaical system of economics and our societal structure. After all, it is your choice, each and every one.

THE PARADISAICAL OR PARASITICAL SYSTEM OF ECONOMICS. ONE IS SLAVERY; ONE IS TRUE FREEDOM.

Good Day.

The BLUEPRINT Philippines - Introduction To Building The Central Asean NATION (Part 2)

The spendthrift is an inarticulate Being, whom, with the foresight of a positron brain thinks of neither him nor herself as evolving past the dollar, ruble, coinage of Greece, and the antiquity of Rome, itself.

FEDERALISM: *State controlled will bring about problematic events if organized in the common tradition.*

IN BUILDING THE CENTRAL ASEAN NATION:

While there is much more to explain, and much in the region of intertrade of all agricultural and non-agricultural regions, which has been shown and explained in detail to ye all before, we will leave you with this, Sisters, Brethren, for now:

Please remember, each UMMAH or NATION will have Enlightened People at the top.

These are the examples and these are the enjoining of the UMMAHS,' or NATIONS. The CENTRAL ASEAN NATION throughout the Central Asean regions; Middle Eastern Regions; the African regions; the South America Regions; the

Satellite States, and eventually worldwide, those who wish to also make their regions into a future with a better life.

This is how the Philippines and China will join at the hip. This is how Japan and Korea (Korea being as One entity) will also join at the hip. This is how the Philippines, Singapore, and Malaysia and Thailand will also join at the hip until each Asean Nation will be joined at the hip with one another, no matter who resides beside who.

Do you begin then to understand exactly how the Federation of All Freed and Unified Planet World Structures Work then Beloveds One and All?

Remember Sisters, Brethren, there are only mysteries if People are uneducated in the realms of the unknown.

We surely do hope by now that you do begin to understand and know that ye are not alone in this great Universe, for what arrogance could then be said of this present Humanity if they were to think at this lowly warloving existence that they were indeed the highest evolved creatures in the Universe.

What nonsense is that. We hope we have now been of Greater Assistance to ye all this new day.

The BLUEPRINT Philippines - Introduction To Building The Central Asean NATION (Part 3)

Some say, “Laws are put there for a reason.” I can tell you that reason. Some Laws are put there because that was the only level of enlightenment the lawmakers had at that time.

FEDERALISM: *State controlled will bring about problematic events if organized in the common tradition.*

IN BUILDING THE CENTRAL ASEAN NATION:

During the event of the first seeding of this planet we starmapped as being called Angorius, many diverse Original blueprints belonging to many diverse races coordinating themselves from many diverse worlds within both the galaxies as well as universes, were brought and implemented.

These blueprints were all approved by the Federation of Unified and Free Planetary Worlds. None of these blueprints broke tradition with universal principle nor law **and none of these blueprints worked upon the monetary trade system**

of those who broke through the fabric of space through an accidental event which the scientists and others belonging to the Federation of Unified and Free Planetary Worlds could not control.

These invaders and occupiers who first instituted the crippling monetary system with its religious co-partners upon this world are known as the Hellions of which you will read their and your own story in our records of ***“The First Seeding”*** of this present earthen world.

Other CENTRAL BLOCS OR CENTRAL NATIONS may utilize a blueprint or diversify those presented in order to govern the culture and society of specific NATIONS OR BLOCS into a better coordinating effort within the Federation of Unified and Free Planetary Worlds. ***This may be done in order to also better deal with the CENTRAL ASEAN NATION*** – no NATION excluded but each treated as equals ***once their own CENTRAL NATION IS SET UP IN CONJUNCTION WITH ONE ANOTHER.***

Within the Federation of Unified and Free Planetary Worlds’ Talent and Purchase Order system, MONETARY FUNDS OF CURRENCY EXCHANGE SHALL BE CONSIDERED A LIABILITY AND THEREFORE SHALL BE FOUND OBSOLETE IN ALL ASPECTS OF DEALING WITH EVERY OTHER NATION WHOSE CENTRAL UMMAH (Central Nation) or UMMAH (Nation), or Ummah (Village, Town, City District) is tied into the other CENTRAL BLOCS OR CENTRAL NATIONS of ANOTHER CENTRAL NATION BLOC.

These CENTRAL UMMAH, CENTRAL NATION, OR CENTRAL BLOC REPLACE the present United Nations in that each UMMAH OR NATION IS EQUIPPED WITH A CENTRAL UMMAH OR NATION OR BLOC of its own in dealing with its own culture “based” upon the rule of universal principle or law which will result at all hours in evolved morals and ethics throughout the Whole or Total.

This is the conclusion of the BLUEPRINT Philippines in its entirety.

Good Afternoon, Good Evening, Good Day, and Good Night.
